The Sweetest Thing - Chocolate Covered Strawberries

A sweet & tasty treat for you and your valentine to enjoy!

Prep Time— 15 min. Ready in— 15 min.

Things You'll Need:

- 16 ounces milk chocolate chips
- toothpicks
- 2 tablespoons shortening
- 1 pound fresh strawberries with leaves, washed.

Step 1-Insert toothpicks into the tops of the strawberries.

Step 2-In a double boiler, melt the chocolate and shortening, stirring occasionally until smooth.

Step 3-Holding them by the toothpicks, dip the strawberries into the chocolate mixture..

Step 4-Turn the strawberries upside down and insert the toothpick into Styrofoam or on aluminum foil for the chocolate to cool.

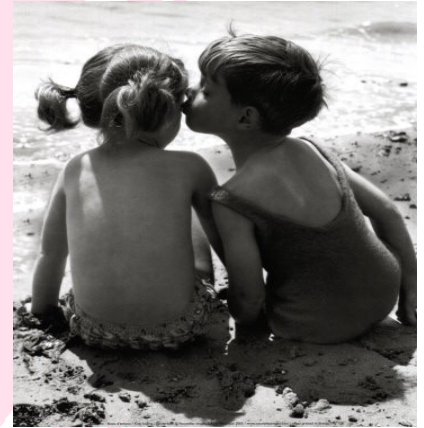

Step 5-Remove toothpicks and serve.

You may also drizzle the cooled strawberries with white chocolate or dark chocolate. Refrigeration can be done to keep the strawberries once the chocolate has cooled.

Yup, it's that time of the year again

Here are some fun facts about Cupid's day:

- About 3% of pet owners will give V-Day gifts to their pets.
- 15% of US women send themselves flowers on V-Day.
- 64% of men in the US do not make plans in advance.
- FYI- A yellow rose is recognized as a symbol of friendship, and a red rose symbolizes romantic love.

Groundhog Day 2012

Punxsutawney Phil sees shadow, 6 more weeks of winter

Maintenance Tips of the Month

- Run the disposal with cool water weekly so food does not build up and create a smell in the sink. This will also help the dishwasher drain better so dishes come out cleaner.
- Please call the office with work orders immediately so any issue doesn't become worse. Prolonging addressing a work order often causes work to take longer and prevents efficient fast remedies. To get same day service, call in work orders before noon on the weekdays.
- Your windows may start to have moisture on the inside. Please wipe down with a towel if you notice this happening to prevent the formation of mildew.
- We recommend that any light bulb in the apartment must not be over 60watts. Those who install bulbs higher than this can cause wires to melt and short out light fixtures
